Don,

Thank you for the opportunity to participate in your organization questionnaire for candidates. Regrettably, time does not allow me to complete it prior to your deadline.

Your comprehensive documents brings up issues which require substantial research by me before I can address them properly and to give you a firm response. While

I cannot meet the submitted deadline, I am committed to doing the research and exploring these issues with you and your organization members.

I am aware that you stated that if I didn't submit the questionnaire, that it would be considered a no response. I would request that the above statement be submitted to your members and others that your will send this to.

Thanks in advance

Bill
